

MODEL NO.: YSI-175Ex

YSI AUTOPSY TABLE (NEW)

With Integrated Down draft system - height adjustable
 The Autopsy table is mounted to a central support column and is made entirely from stainless steel 304 grade. Through a three-piece, removable, perforated test area, all unsanitary orders are safely vacuumed away.

The work surface is equipped with a high surrounding border, and features a negative inclination to the waste sieve (detachable). A seamlessly welded basin with a surrounding profile border is affixed to the end of the table.

A tub with drainage channel is located under the perforated work surface. An integrated sprinkler system guarantees that the table is continuously sanitized.

All power connections, including the air duct, are built into the base. The table is to be connected to the side-mounted ventilation system, which has a minimum capacity of 1000 m³/h. the Autopsy table YSI-175Ex model includes the following features :
